

Jisha Maniamma

Flash Talk-

Hi, I am Jisha Maniamma from India.

I am currently pursuing my Ph.D. from Wagatsuma Laboratory, Kyushu Institute of Technology, Japan.

I have completed my masters in the field of Robotics. Presently I am working on Artificial intelligence and Autonomous Vehicles.

Research project-

1. Localization of suborbital vehicles in a GPS-denied environment.
2. Robotic arm for a dynamic and hazardous environment.
